SAT 30	☐	+ PROVERBS 30; PSALMS 31

PROJECT 3:45

Project 3:45 is a simple, effective way to read the entire New Testament in one year. The plan involves reading one chapter per day five days a week and uses the weekends to catch up if you missed any days. The plan was named for the average of the three minutes and forty-five seconds that it takes to read one New Testament chapter (obviously this time will vary due to individual reading rates, chapter lengths, etc., but you get the point). It's never too late - start today!

PROJECT 3:45+

Project 3:45 Plus is an extended version of the New Testament reading plan, Project 3:45. The "+" adds a Psalm and Proverb per day (including weekends) and selected readings from the Old Testament five days per week. The beauty of a Bible reading plan is that all the guesswork is removed, there is always a place to start and a sense of direction. For those who really want to add more to their devotional reading time, Project 3:45 Plus offers great options.

Start reading today online at Project345.com or download The Ark Church app and follow along with your mobile device.
