

God Protects His Faithful

King Nebuchadnezzar declared that everyone had to worship a gold statue instead of God. Some of the Jews disobeyed this command, and this made the king very angry. He ordered these people thrown into a blazing furnace. To find out what happened, begin with the letter S by the star. Use a light color to color in every other letter on the path around the flames. Write the colored letters, then the uncolored ones in the blanks below. (See Daniel 3.)
