inspire. equip. support.

BLESS:

Gather the children for a blessing. When you bless the children, try to make eye contact with them or touch their heads or shoulders. This will help the blessing be more personal and impactful.

Children, God always hears you when you pray. He is with you and can save you. May you know that God can do anything.

Open a Bible and read Matthew 19:26:

**Jesus looked at them and said,
“... with God all things are possible.”**
