

blessings™
inspire. equip. support.

BLESS:

**Gather the children around you for a blessing.
Show children how to use their hands, palms together
and fingers touching, to move like a fish swimming in the water.
Let them use their hands to "swim" like the big fish in today's
part of The Big God Story as you bless them:**

**(Child's name), our God saves.
May you trust in Him alone to save you.**

Open a Bible and read Galatians 3:26:

**So in Christ Jesus you are all
children of God through faith.**
